All-Natural Fat Absorb Capsules

Stop fat in its tracks! When you eat fat it is digested into the system and is quickly distributed into unwanted weight. Help break that cycle with Fat Absorb. Fat Absorb uses Chitin, harvested from shellfish, to help absorb dietary fat before it can be absorbed into your system. Chitin binds with fat and makes it undigestible, so that it may be expelled from your body before being processed into extra pounds. Choose the single pack of 120 capsules or the 2, 3 or 6-pack. Say Goodbye to Annoying Calls with the Touch of a Button

You're enjoying a nice dinner when suddenly the phone rings. You pick it up and before you know it, you're stuck in the middle of a sales pitch. Instead of wasting your time-telling the caller you're not interested, just push a button and Easy Hang Up™ will do it for you. Your unwanted caller is told in a polite pre-recorded voice, "I'm sorry, this number does not accept this type of call. Please regard this message as your notification to remove this number from your list. Thank you." Then it automatically hangs up. Easy Hang Up™ is especially good for people who have trouble saying, no. Attaches to all phones quickly and easily. Order one for each phone in your home.

Wrap Your Vehicle in a Cloak of Invisibility with this Radar/Laser Jammer

When this jammer receives an X, K or Ka radar signal, it mixes the signal with white noise and reflects it back to the radar gun where the added noise confuses the computer inside the radar gun and produces a blank reading. In addition to making your vehicle electronically invisible to radar, a special modulated laser beam confuses laser guns producing the same effect. Works best when used in conjunction with your existing radar/laser detector, as radar may punch through at ranges of 300 feet or less. Comes with 12-volt accessory jack with plugs, windshield bracket and a 3-year manufacturer's warranty. Not available in Minnesota, District of Columbia or Oklahoma. Note: works best in a 2-3 mile range. *Comes with a 1-year ticket rebate from the manufacturer, some restrictions apply, details in package. Item No. B-30130-460206 S/H \$6.99 FREE

Stop! Before your car bangs off the garage wall and crunches whatever was in its way one more time, let this parking mat determine the best parking spot. Once you feel your wheels roll over its first hump, and bump the next, you know you're where you need to be. A flat tongue uses your vehicle's weight to keep the mat from moving. It's made of strong, pliable polyethylene that's resistant to oil and gas. You'll get two mats; only one is required for each vehicle. Fits all passenger cars and trucks.

Put the Web™ Plus furnace filter to work in your home to fight off microorganisms lurking in the air. Its electrostatic system uses a dual layer of filters to trap particles like pollen and dust, so it cleans air better than other filters—a feature you'll appreciate if you have allergies! The filter is also treated with a special Micropest Control® that inhibits the growth of mold spores, mildew and harmful bacteria. Made to last for years—simply rinse the filter monthly. Adjustable to fit furnaces from 14" x 20" to 20" x 25".
